

miRewards

Understanding MiRewards

MiRewards is only available to Representatives & Lifestyle Members who are on AutoShip

Important Information

To receive MiRewards points you must first be registered for AutoShip.* You must register after you have joined and placed your first order.

What is MiRewards?

MiRewards points are earned on each product purchase you make and can be redeemed on Miessence products.

How do I earn MiRewards Points?

You will first need to ensure you have joined AutoShip. Once you have joined you will automatically start earning MiRewards points on each product order you place.

On every invoice it will state how many MiRewards points have been earned for this order as well as your current balance of points.

How do I redeem MiRewards Points?

To redeem your MiRewards points you will need to place your own order online in the shopping cart.

Once you have selected all the items you wish to order simply go to checkout and here you will see the three leaf symbol for mirewards to the right of each product that you have enough available MiRewards points for.

For products that you can redeem this symbol will be displayed and you will simply click on this symbol. You will then see the product value go to zero as well as the PV.

Once you have redeemed your MiRewards points you can then continue through checkout as normal and finalise your order.

Representatives - You must check your final order to ensure you still have the minimum 75PV required before paying to ensure your account stays active and eligible to receive bonuses.

Please note that redeemed products are **free** and therefore have **no PV**.

How are MiRewards Points calculated?

MiRewards points are a percentage of the PV of each order you place.

For example:

- 50 Point order will earn 3 Points
- 75 Point order will earn 5 Points
- 150 Point order will earn 10 Points

Let's use examples from the Miessence product range:

- A Skin Care Essentials pack will earn 6 Points
- A Vitality Pack will earn 9 Points
- A Healthy Hair Pack will earn 5 Points

MiRewards Points Availability

All points earned take 31 days from the date the order is shipped to clear. During this time they will show as a balance in your MiRewards account.

Once the points have cleared, you will see these as available points. Any MiRewards points listed as available can be redeemed on an order for free product.

Can I lose MiRewards Points?

Yes, you can lose MiRewards points. If you cancel AutoShip, your MiRewards points will be locked and cannot be redeemed. After 30 days, if you have not joined back to AutoShip to redeem your points, any points remaining will be lost.

**Information on AutoShip can be found on the FAQ page on website. Go to the Miessence website. Click on Support, go to FAQs.*
